	Techno LC Series 4896 CNC Panel Router	\$40
	Formech 1372 Large Format Vacuum Former	\$30

Prices are subject to change. A minimum one hour charge applies to all rentals.

## Rental Prerequisites:

Competency must be proven prior to use of the equipment. A CIM-TAC lab technician will be assigned to verify competency and train anyone renting equipment. Training involves:

- Reading and understanding the user manual and standard operating procedure
- Completing the Equipment Qualification Checklist with the technician
- Competently operating the equipment under observation
- Updating CIM-TAC training records

Cost of training is dependent on the hourly rate of the assigned trainer. A Safe Work Agreement will be signed after training is complete and competency verified.

Rentals are available only during CIM-TAC business hours, Monday to Friday, 8am to 5pm.
