**PRACTICAL NURSE**
Two Year Diploma  IELTS 7.0 (6.5 each band)
This program prepares students to be an integral part of the health care system, providing high-quality nursing care in hospitals, continuing care agencies, community settings and other health-related areas.

**BACHELOR OF SCIENCE IN BIOLOGICAL SCIENCES**
4 Year Degree  IELTS 6.5 (5.5 on each band)
Students will explore contemporary concepts in biology ranging from the level of molecules and cells to that of organisms, communities, and populations and prepares graduates for employment in biology-related fields or for further education in graduate programs or at professional schools.

**UNIVERSITY SCIENCE**
Two Year Diploma  IELTS 6.5 (5.5 on each band)
This program emphasizes contemporary concepts and practical scientific skills applicable to both field and laboratory settings. With an initial specialization in Biological Sciences, students will explore topics ranging from the level of molecules and cells to that of organisms, communities, and populations.
FLEXIBLE PATHWAYS
Red Deer Polytechnic has introduced a number of programs that involve the concept of laddering. Laddering an academic program involves building different credentials of the same discipline upon the same foundations. This creates programs that give students the flexibility to continue on with further studies, or leave with a credential after one, two or four years.
