2. For some students, depending on your Concentration and Minor selection, you may have overlapping courses. In that case, you will need to take additional 3-credit course (from the approved list of minor courses) to make up for the 120 credits required for graduation. **Courses cannot be double counted.**
3. Not all courses may be available every semester each year. Please plan your schedule accordingly. If you have concerns about course availability, contact the Student Connect Centre.
