# Welcome to Red Deer College

**Mr. Ron Woodward**  
**President**

Welcome! We are thrilled that you're considering Red Deer College as a part of your future. RDC is college as you always imagined it would be ... great programs, great people and a great campus ... all right in the heart of central Alberta.

RDC was built around a community and although our city is now the third largest in the province, the *sense of community* that has always made RDC so special remains to this day. Our classes are small, our learning approach hands-on, our instructors friendly & accessible, and our campus welcoming. Since 1964 RDC has been an integral part of the central Alberta landscape, working in partnership with our community and our region to deliver quality educational programming to all our students. From our earliest days housed in the wing of Lindsay Thurber high school we have been committed to offering our students a different approach to post-secondary education ... we like to say a more 'balanced' approach. At RDC we understand that you come to college not only to get a great education but also to experience life. We understand that the chance to meet new people is as important as the chance to exchange ideas and that as much learning takes place over coffee as it does in the classroom.

Based on that, we've designed everything about RDC to ensure your time with us is the very best it can be ... and that starts with programming.

Since we first opened our doors we've been committed to offering our students a wide variety of choice in programming. We just figure you deserve it! After all, your time at RDC is laying the foundation for your future and it's our belief that you should have access to as much diversity in programming as possible. From certificates to diplomas, apprenticeships to degrees, RDC offers over 75 different programs for you to choose from. Whether your passion is in Motion Pictures, Management or Mechanics, we've got you covered. Because demands in the marketplace are constantly shifting, we are constantly on the lookout for ways that we can enhance our programming and ensure you have access to the courses you want. It adds up to a lot of choice! Not sure where to start? No problem ... the folks in our Student Services department will be happy to help.

And speaking of student services ... while you're here you'll enjoy a fabulous range of social activities and support services to ensure your time at RDC really *is* the time of your life. Hang out with your friends in the Farside, the Forum or one of the lounges, cheer on (or play on!) one of our athletics teams at a game or join one of dozens of on-campus student clubs. Need a place to live? Have kids? Special needs? No problem. Our goal at RDC is to help you succeed and build a bright future and we've stacked the campus with support services to help you succeed.

One of the most obvious ways we can help you succeed is through financial support. Through an increased bursary, scholarship and awards program, we're making every effort to ensure that if there's a will - there's a way - for you to get to College. Our website, located at [www.rdc.ab.ca](http://www.rdc.ab.ca)

has a comprehensive listing of the awards and scholarships we have available including our *guaranteed scholarship* for every entry level student coming directly from high school, with an average of 85% or higher. We know you've worked hard to get this far ... it's our way of saying 'great job!'

We may be biased but we think you couldn't have chosen a better time to join us at RDC. Why? Although we're strategically located right off the Queen Elizabeth II highway, an hour and a half's drive from each of the province's major centres, we've been a hidden jewel for 44 years. But our reputation is starting to catch up with us! Not only does RDC offer a quality education in an intimate, friendly, balanced environment, but we're also on a major expansion track that will allow us to share the RDC experience with even more students in the years to come. Our expansion program, *Building Communities Through Learning*, is designed to ensure we can meet provincial demand for increased programming in health, business, visual arts, manufacturing and trades. Thanks to significant funding from Alberta Advanced Education and major community supporters, the first component of the expansion program is nearing completion and will add more than 18,000 square metres (200,000 square feet) of learning space to our campus. That's a lot of space for growing minds we can't wait to welcome to campus.

# Admission

## Information and Advice

Contact the Registrar's Office at 342-3400 for information or an appointment.

## Policy on Admission to Credit Programs

Each program has specific admission requirements. These are approved by Academic Council.

You should apply and complete your admission file at the earliest possible date. It is to your advantage to apply as early as possible since most programs can accommodate only a limited number of students and the College may stop accepting applications at any time.

Note: Bachelor of Science Nursing applicants will be offered admission on a competitive basis, based on GPA ranking.

## Admission Categories

You may apply as one of the following:

### Regular Student

You are able to meet the regular admission requirements for the program. (See the program section of this calendar.) The regular admission requirements may include:

- suitable courses, grades, and averages
- tests, auditions, portfolios, or other approved criteria.

### Mature Student

You must be 19 years of age or older. You must be out of school for at least one full year before the program starts. Admission under this category is not automatic. Check the specific admission requirements for the program you want to enter. (See the program section of this Guide.)

Red Deer College Career and Academic Preparation courses and upgrading courses from other colleges are equivalent to Alberta high school diploma courses for admission purposes.

The Registrar will evaluate courses taken in other educational institutions for equivalence.

### Unclassified Student

You may take a maximum of two courses per term without presenting documents. Prerequisites for courses must be presented.

### Visiting Student

You must present approval from another accredited institution to take a course(s) at Red Deer College. Your home institution will determine admission requirements.

### College Advanced Placement

You must have successfully completed at least one 30-level course.

You must have a minimum final mark of 80% in any Grade 12 subject that is a prerequisite for the chosen College course. You must have a letter from your high school principal indicating:

1. you are currently enrolled in high school
2. you are eligible for, or have had a successful background in, a gifted education program, and
3. you show social maturity, creativity, exceptional talent, and a commitment to finishing tasks.

## General Information About Admission

**Communications Course Placement**

Students will be required to take a College placement test before registering in a 200-level written communications course. (Students with 60% or greater in English 30 or ELA 30-1 will be exempted from this test). Students who do not achieve a satisfactory mark in this test will be required to complete COMM 150 before they can register in the required 200-level course. Students should take the placement test early in the event preparatory work (COMM 150) is required.

**Mathematics Diagnostic Test**

First year university math is difficult for many students. Red Deer College offers the opportunity for students registering in the courses to complete a diagnostic test prior to the start of classes. Completion of the test will allow students to anticipate weak areas and receive assistance prior to and during classes.

# Recognition of Prior Learning

Red Deer College recognizes prior learning of skills, knowledge or competencies that have been acquired through work, formal and informal education or training, self study or volunteer activity in the form of Recognition of Prior Learning (RPL). RPL can take various forms, and the associated outcomes can be used for a variety of purposes relevant to the individual's educational program at RDC.

Students transferring to another post-secondary institution to obtain their final academic credentials should be aware that the receiving institution is not obliged to recognize credit granted through RPL at RDC. Students are strongly advised to check with the receiving institution regarding the transfer of credit. Students who are funded by Student Finance Board should note that credit granted via RPL might affect their status as a full-time student and attendant financial support.

In order to obtain RPL, a student must provide relevant, supporting documentation (usually in the form of an official transcript) acceptable to the college of an equivalent course. Normally the Transfer Guide and the calendar descriptions of equivalent courses will be used to determine if the course may be formally recognized. Recognition may also be granted for experiences which are equivalent to an identified RDC course (i.e. practica or studio). In these cases, the student must provide documentation acceptable to the college. Students registering for programs and courses commencing in September must file completed Recognition of Prior Learning applications before the Add/Drop date in the Fall term, for credit to be applied to that term, and to be eligible to "Drop" the appropriate course. Students seeking Recognition of Prior Learning for courses beginning in January, must file Recognition of Prior Learning applications before the Add/Drop date in the Winter term, for credit to be applied to that term and to be eligible to "Drop". The same provisions are in effect for the Spring term.

To qualify for an RDC program credential, students must complete at least 25% of the credit requirements for the credential through enrollment in RDC. To receive recognition of prior learning by RDC, the individual requesting RPL must have already applied to the College and been admitted to a program.

RPL may take one of the following forms:

1. **Transfer Credit** is applicable when students wish to have formal accredited post-secondary courses transferred to their RDC credential. Official transcripts, course descriptions and course outlines from the sending institution must be provided before the learning is assessed. If granted, "**TR**" and the credit granted would appear on the official transcript, with no grade assigned. A non-refundable fee will be charged per application, with the exception of courses listed in the Alberta Transfer Guide; Block Transfers from other post-secondary institutions with existing transfer agreements and courses from within RDC.
2. **Advanced Placement** is a method of recognizing learning, obtained via formal or informal means, which enables students to waive a prerequisite and register directly into a higher level course. Students must provide appropriate documentation or demonstrations as determined by the assessor. If granted, "**AP**" will appear on the official transcript with no grade or course credit assigned. A non-refundable fee per application will be charged.

3. **Challenge** exams allow students to obtain a course grade in recognition of their learning, obtained via informal or formal means. Students applying to write a Challenge exam must provide appropriate documentation to support the learning experiences they feel qualify them to apply for the exam. You may only write a Challenge exam once, unless you have new/additional learning experiences in the subject after writing the exam. A failing grade in an RDC course is not substantive grounds for a Challenge, unless the student can supply documentation of additional learning experiences. Students may not challenge a course for which Advanced Placement or Transfer Credit has already been granted or which has been waived as a prerequisite for a higher level course. If the Challenge application is approved, a non-refundable fee per course will be charged. A Challenge process must be completed before the last day of final exams for the term in which the student is registered in the Challenge section of the course. Once the Challenge is completed, the Challenge **Letter Grade** will appear on the official transcript with the appropriate credit weight, and a comment indicating the grade was obtained via the Challenge process. After registering in a Challenge, a student may apply to "Withdraw" from this process before the last day of final exams for the term in which they are registered in the Challenge section of the course. If a student withdraws from a Challenge, a "**WD**" with a Challenge comment will appear on the transcript. The Challenge fee is non-refundable. If the Challenge process is not completed within the timelines specified, a grade of "**F**" will appear on the transcript.

4. **Prior Learning Credit** granted through the Prior Learning Assessment process recognizes formal and informal learning. Applications for Prior Learning Credit must be accompanied by appropriate supporting documentation as determined by the assessor. The assessment process may take many forms including: portfolio, skill demonstrations, documentation, exams, letters of attestation of skill mastery, or other assessment strategies deemed appropriate by the subject matter experts. If granted, “**PL**” and the credit granted will appear on the official transcript, no grade assigned. A non-refundable fee per course will be charged.

5. **Home Schooling**  
Red Deer College recognizes that students learn and acquire knowledge in a variety of settings. A student who has completed a Home Education Program, authorized or approved by the Alberta Ministry of Education, may qualify for Red Deer College admission by successfully completing a Career and Academic Preparation Course Challenge Assessment, or Alberta Learning Departmental Exams. Applicants must meet the competence equivalencies for all the courses designated as prerequisite requirements for admission to a specific program.

6. **Restrictions**  
Each department is responsible for outlining any restrictions in student access to challenge and advanced standing. The restrictions require the approval of Academic Council.

Career and Technical Studies modules may be considered for admission, or prior learning assessment purposes. Students need to formally apply for Recognition of Prior Learning, and provide documentation from the high school, of the specific modules completed to be eligible for prior learning assessments, or credit awards.

8. **Advanced Placement (AP) Program**  
AP graduates may receive academic credit at RDC for their AP credential earned during high school. Only AP grades of 4 or 5 are accepted for transfer credit. An official AP transcript is required for assessment.

Transfer credit at RDC will be awarded based on current articulation agreements with Alberta Universities as cited in the Alberta Transfer Guide. For courses not governed by an articulation agreement, students may choose to pursue a Challenge process in order to obtain academic credit at RDC.

When registering please tell your Academic Advisor that you have AP courses. Caution must be exercised as Advanced Standing for AP courses may not be recognized by some receiving institutions. Policies of institutions which you plan to attend after Red Deer College should be taken into account.

9. **International Baccalaureate (IB) Program**  
IB graduates may receive up to 30 credits (five full course equivalents) at RDC for their IB credential earned during high school. IB grades of 5 or lower will not be accepted for transfer credit at RDC.

Transfer credit at RDC will be awarded based on current articulation agreements with Alberta Universities as cited in the Alberta Transfer Guide. For courses not governed by an articulation agreement, students may choose to pursue a Challenge process in order to obtain academic credit at RDC.

When registering please tell your Academic Advisor that you have IB courses. Caution must be exercised as Advanced Standing for IB courses may not be recognized by some receiving institutions. Policies of institutions which you plan to attend after Red Deer College should be taken into account.

**Assessment of IB or AP Courses**  
Depending on the form of assessment, a student may receive

- Transfer Credit (credit, but no grade is given for the course) or
- Advanced Placement (the requirement for completing the course as a prerequisite for higher level courses is waived, but students will be required to substitute another course to meet transfer credit requirements) or
- A challenge grade.

Following is an example of how transfer credit for IB is currently awarded based on existing articulation agreements at Red Deer College and the University of Alberta. (See chart on following page).
